Sage accepts coverage from the following health insurances:

Prices listed are for Q4 2025

- Sage low price reflects an 8% mark up from the government-controlled Medicare Price. Subject to quarterly change. Price can vary depending on ordered dose & patient weight. Hydration, Venofor and Ringers are cash only.
- Sage works on behalf of our patients to secure this assistance for out-of-pocket expenses. Listed is the maximum financial assistance for each drug available to each patient per year. Per Federal Law, assistance is not available to government-sponsored insurance like Medicare.
- Sage Infusion doesn't charge for office visits, consultations, extra labs, or pre-meds (i.e. Tylenol).
- Excludes deductible responsibility if applicable, assumes co-pay coverage if available.
- Medicare estimate assuming patient has supplemental coverage.
- Medicare Advantage members typically have 20% co-insurance responsibility for infused drugs until out of pocket max is reached (\$9,350 for 2025). Once out-of-pocket max is reached, patient responsibility = \$0.
